Mr. Robert Lung
Western States Minerals Corporation
P. O. Box 3094
Elko, Nevada 89801

Dear Mr. Lung:

Re: Reclamation Seed Mixture, Western States Minerals Corp., Tug Project,
M/003/007, and Tug Exploration Project, E/003/004, Box Elder County, Utah

The Division received your fax on April 27, 1992, describing the proposed seed mixture for the Tug Projects. The WSM #1 seed mixture with a broadcast application rate of 25 pounds per acre of pure live seed is acceptable to the Division for use at these sites. The recommended time of seeding is in the fall or early spring.

Thank you for your efforts in reclaiming these project disturbances. If we can be of further assistance, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Anthony A. Gallegos".

Anthony A. Gallegos
Reclamation Engineer
